

## Best Practices

Kiyoh Reviews for Magento 2

This guide covers recommended configurations and strategies for getting the most out of [Kiyoh Reviews](#). These tips are based on common setups and what works best for most stores.

## Account Setup

---

### Single Store

For a single store with one Kiyoh account:

1. Create one account in **Marketing → Kiyoh → Accounts**
2. Select that account in **Stores → Configuration → Magmodules → Kiyoh → Accounts**
3. Enable invitation profile on the account

### Multi-Store / Multi-Brand

For stores with multiple brands or regions:

1. Create separate accounts for each brand/region
2. Switch to each store view in configuration
3. Select the appropriate account for each store view
4. Configure locale filters to match the store's language

## Review Display

---

### Homepage Slider

Place a review slider on your homepage for social proof:

1. Go to **Content → Widgets → Add Widget**
2. Select **Kiyoh Slider**
3. Settings:
  - Theme: Extended
  - Show Summary: Yes
  - Reviews to Show: 3-5
  - Autoplay: Yes
  - Autoplay Speed: 5000-7000
4. Layout: CMS Home Page → Main Content Bottom

### Sidebar Widget

Add trust signals on product/category pages:

1. Go to **Content → Widgets → Add Widget**
2. Select **Kiyoh Widget**
3. Settings:
  - Review Mode: Sidebar
  - Display Reviews: Yes
  - Display Slider: Yes
  - Number of Reviews: 3
4. Layout: All Pages → Sidebar Main

## Floating Badge

Always-visible trust badge:

1. Go to **Content → Widgets → Add Widget**
2. Select **Kiyoh Floating Widget**
3. Settings:
  - Show Icon: Yes
  - Widget Position: Bottom Right
  - Show on Mobile: Consider No
  - Show on Checkout: Yes

## Invitation Strategy

---

### Recommended Delay

Product Type	Recommended Delay
Digital products	1-3 days
Fast delivery (<3 days)	5-7 days
Standard delivery (3-7 days)	7-14 days
Made-to-order / Long delivery	14-21 days

### Order Status Trigger

Best practice is to trigger on **Shipped** or **Complete** status.

## Customer Groups

Consider excluding:

- Wholesale/B2B Groups
- Test accounts

## SEO Optimization

---

### Structured Data

Enable Google Structured Data for the review page in **Frontend** configuration.

### Meta Information

Write unique, descriptive content for page title and meta description.

## Performance Tips

---

### Cron Frequency

Review Volume	Recommended Frequency
<50/month	Daily
50-200/month	Every 6 hours
200+/month	Every hour

### Widget Optimization

- Don't place too many widgets on the same page
- Set reasonable review counts (3-5 in widgets)
